## ANNOUNCEMENT!

### The Tribune Inaugurates an Interesting Voting Contest for the Ladies of Grand Rapids and Wood County.

The Tribune has an announcement of unusual interest to make to its great family of readers in Grand Rapids and Wood, Juneau and Adams counties, in the opening of the Splendid Ladies Popular Voting Contest, for which plans have been in progress and are now ready for the public. There have been a number of names recommended for the contest and the indications are that once it is fairly inaugurated, as it will be in a few days, extraordinary interest will be aroused, and the competition for prizes offered by The Tribune, will be constantly at a fever heat. It is the intention to make this the biggest Contest ever conducted by a newspaper in this section.

### PLACE SOME LADY FRIEND OF YOURS IN NOMINATION.

The Tribune sincerely hopes the members of all Churches, Lodges or Societies will place the names of one or more of their favorite ladies in nomination and help her win one of the handsome presents that will be offered. Candidates are not restricted to members of Churches, Lodges or Societies—any lady in Grand Rapids and Wood County is eligible to enter this contest and earn votes for herself.

The Tribune advocates the thing it believes good for the people of Wood & counties and judging from the support it receives, its efforts are being appreciated.

In order to increase its list, as well as afford a reward for faithful effort on the part of the church, lodge and society workers, as well as others, The Tribune is impelled to offer many valuable prizes to be voted to the ladies—who in the opinion of the people of this city and vicinity, are most entitled to the honor and tokens of esteem.

It is the desire of The Tribune that every subscriber and in fact everyone, should have a voice in awarding the prizes, and the only regret is that a similar offer cannot be made for every one deserving of such testimonial.

This paper would suggest that the different lodges and societies take up the matter officially as well as all those who have lady friends are interested in and nominate candidates who will be the unanimous choice.

Herewith is a nomination blank. Fill in the name of a lady friend and mail or bring it to The Tribune office.

## Lessons From The San Francisco Fire.

A Clipping From The San Francisco "Call"

Some of the many valuable lessons of the fire at San Francisco, the importance of the safe deposit box, almost if not all of the property deposited in the local banks, have now been reported and practically every one has been found in the same good place as before the fire. In the midst of that terrible conflagration, when on every fire and burglar proof safe, were built, warped and even sprung open and their valuable contents destroyed, in some instances to the great loss of money, watches and jewelry, into chambers and the careful attention who had deposited their valuable documents and family relics in a safe deposit box, they were saved and found as they found out to be. It is a lesson which every citizen should heed in the future.

The Chicago & Northwestern railway company has issued a notice in which it offers to redeem mileage sold prior to July 1, 1907. This is done because transportation over the road will be only 2 cents per mile as soon as the new law goes into effect.

Most of the streets are completed and are in the condition in our new Outlook addition on Grand, Avenue, West side. Get in on the ground floor, make an early selection of the choice lots at \$20.00 to \$30.00. Lot us show you the lots. Geo. W. and Guy R. Wood.

Gen. W. Paulus left on Monday for a trip down river in company with A. R. Bennett and several others. Mr. Bennett took his household and guests to the lake and it was the intention to go as far as the Dells and then return by boat if it is possible to do so.

Mrs. J. R. Jewett and daughter, Garnet, Wheaton, Ill., arrived in the city Monday to spend a week at the Geo. Kiefer home. Mrs. Jewett is sister to Mrs. Bonke. Mrs. Ann Marolth of New Lisbon is also a guest of her daughter, Mrs. Frank Bonke this week.

Charles Holliday, who has held the position of advertising man and head clerk at J. T. Solvannacher's store, resigned his position last week to accept one with the Johnson & Hill company. Mr. Holliday has proven himself to be a first class man in his line of work.

Merrill Star:—Mr. A. Decker, a resident of Grand Rapids, Wis., is a guest at the Badger this week. His mission is boosting the cities in the Wisconsin River valley. This boosting is in the shape of a handsome booklet describing those cities and illustrating the same.

Miss Pansy Shortt of Schofield has been engaged as teacher of the commercial department of the Northwestern Collegiate Institute at Sherry, Wis., a Presbyterian college, and will leave for that place August 18 to assume her duties. Miss Shortt is well known in this city.

The railway commission has decided that the Wisconsin Central road must change the time of trains on the Portage branch, notwithstanding the fact that that branch is not paying the running expenses. The schedule as it now stands was not satisfactory to the citizens along the line.

The pay car of the C. M. & St. P. Co., made its first trip up the Valley Division last Friday. Employees of the road will not be paid by local agents as heretofore, but will receive their salaries from the paymaster, who will make the trip over the system each month.—New Lisbon Argus.

Adam C. Mours and sister Mary departed on Saturday for Winona, Minn., to attend the wedding of their brother, Frank, which occurs this week to a popular young lady of that city. The telephone switchboard for the Wood County Telephone company arrived the fore part of this week and Manager Smart is hustling his men to get the new apparatus in position as soon as possible. C. S. Hamilton, who embarked in the chicken business this spring on a tract of land about two miles south of the city, has been making nice progress. He has a number of buildings erected on the premises, besides having attended to the incubators and hatched a large number of chicks, the most of which have done nicely. Mr. Hamilton intends to give the business a thorough trial and figures that within a few years he will have enough chickens to be able to tell how he is coming out on the deal.

Stevens Point Journal:—B. R. Goggins of Grand Rapids, who was tendered the position on the railroad commission made vacant by the resignation of John Barnes, has declined the proffered honor. It is understood the principal reason for the declination is that Mr. Goggins prefers to continue in the active practice of his profession. In the meantime, Mr. Goggins has had an opportunity to learn what the people of the state, and particularly those who know him best, think of him. Approval of his appointment has been universal and the eulogistic notices he has received from the press of the state would fill a big scrap book.

**ANNOUNCEMENT!**

**The Tribune Inaugurates an Interesting Voting Contest for the Ladies of Grand Rapids and Wood County.**

The Tribune has an announcement of unusual interest to make to its great family of readers in Grand Rapids and Wood, Juneau and Adams counties, in the opening of the Splendid Ladies Popular Voting Contest, for which plans have been in progress and are now ready for the public. There have been a number of names recommended for the contest and the indications are that once it is fairly inaugurated, as it will be in a few days, extraordinary interest will be aroused, and the competition for prizes offered by The Tribune, will be constantly at a fever heat. It is the intention to make this the biggest Contest ever conducted by a newspaper in this section.

**PLACE SOME LADY FRIEND OF YOURS IN NOMINATION.**

The Tribune sincerely hopes the members of all Churches, Lodges or Societies will place the names of one or more of their favorite ladies in nomination and help her win one of the handsome presents that will be offered. Candidates are not restricted to members of Churches, Lodges or Societies—any lady in Grand Rapids and Wood County is eligible to enter this contest and earn votes for herself.

The Tribune advocates the thing it believes good for the people of Wood & Counties and judging from the support it receives, its efforts are being appreciated.

In order to increase its list, as well as afford a reward for faithful effort on the part of the church, lodge and society workers, as well as others, The Tribune is impelled to offer many valuable prizes to be voted to the ladies—who in the opinion of the people of this city and vicinity, are most entitled to the honor and tokens of esteem.

It is the desire of The Tribune that every subscriber and in fact everyone, should have a voice in awarding the prizes, and the only regret is that a similar offer cannot be made for every one deserving of such testimonials.

This paper would suggest that the different lodges and societies take up the matter officially as well as all those who have lady friends are interested in and nominate candidates who will be the unanimous choice.

Herewith is a nomination blank. Fill in the name of a lady friend and mail or bring it to The Tribune office.

**Lost an Eye.**

Grant Fodick, engineer at the Electric & Water Co. plant, lost one of his eyes on Thursday and sustained other cuts about the face, the accident being caused by the bursting of a water glass on one of the boilers. Mr. Fodick was engaged in tightening a nut on one end of the water glass, having neglected to take off the pressure, when it burst and the steam pressure caused the flying glass to strike his face with great force.

He was at once taken to Riverview hospital where an examination was made when it was discovered that the sight of one eye had been entirely destroyed, and the eyeball was removed. The other cuts on his face were taken care of and the injured man has since been getting along nicely.

**Cucumber Pickles.**

Have the cucumbers of even size; rub them smooth with a cloth and place them in brine strong enough to float an egg. They will keep in the brine until wanted to pickle if desired. Soak the cucumbers in water for two days after taking them from the brine, changing the water once, and then add in vinegar, or pour the boiling vinegar over them and let them stand in it two days before using. Put into each two quarts of vinegar, an ounce of pepper, a half ounce, each of mustard seed and alum, a piece of horse radish, a piece of alum the size of a pea, and a half cupful of sugar; boil them together for ten minutes before straining it over the cucumbers. One pound of sugar may be added to the vinegar if sweet pickles are desired.

**Lessons From The San Francisco Fire.**

A Clipping From The San Francisco "Call"

"One of the many valuable lessons of the fire is the importance of the safe deposit box. Most, if not all, of the safety deposit vaults of the local banks have now been opened and practically every one has been found in the same condition as before the fire. In the midst of that havoc conflagration, when ordinary fire and burglar proof safes were bent, warped and even plunged upon and their valuable contents destroyed, in some instances to the actual loss of money, watches and jewelry into shapeless masses, the careful citizen who had stored his valuable documents and family relics in a safe deposit box left no anxiety concerning them. He knew they were practically safe as they found out to be. It is a lesson which every citizen should heed in the future.

# POWDER TRUST SUED

**ALLEGED COMBINE ATTACKED BY THE GOVERNMENT.**

**SHERMAN ACT VIOLATED**

Petition Holds Combine Seeks to Prevent Competition—Recuser to Take Charge of Business Asked For.

Winnington, Del.,—The United States government Tuesday began suit against the so-called powder trust in the United States circuit court here. The government asks that the Dupont company of Delaware be restrained from exercising control over subsidiary companies. The papers in the case were filed by Assistant Attorney General Hardy at noon. Subpoenas were issued returnable the first Monday in September.

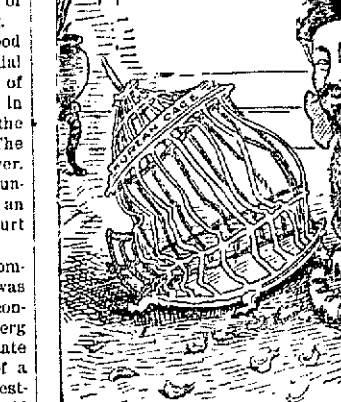

# HAYWOOD IS GIVEN LIBERTY

**MINERS' LEADER HELD NOT GUILTY IN CONSPIRACY TRIAL.**

Comment of Harry Orchard on the Verdict—C. H. Meyer Released on Bail.

Boise, Idaho.—Into the bright sunlight of a beautiful Sabbath morning William D. Haywood, defendant in one of the most noted trials involving conspiracy and murder that the country has ever known, walked Sunday the former Gov. Frank Steenbergen. The jury was decisively for Haywood from the first. The result of the initial ballot was eight to three in favor of acquittal, one juror being so much in doubt that he refused to vote. On the second ballot he refused to vote. Over the third ballot he was again won over. The seventh ballot, taken at 8:45 Sunday morning, freed Haywood and an hour and a quarter later the court heard the verdict.

# IS PERUNA CURATIVE for Catarrh?

Should a list of the ingredients of Peruna be submitted to any medical expert, of whatever school or nationality, he would be obliged to admit without reserve that each one of them was of undoubted value in chronic catarrhal diseases, and had stood the test of many experiments in the treatment of such diseases. THERE CAN BE NO DISPUTE ABOUT THIS. WHAT EVER, Peruna is composed of the most efficacious and universally used herbs and remedies for catarrh. Every ingredient of Peruna has a reputation of its own in the cure of some phase of catarrh.

# BEANS CROUTONS A Dainty.

Savory Flavoring Is the Most Important Part of Dish.

The secret of success in making bean creations lies in the savory flavoring. Fruit juices play a large part in their preparation. There is a theory recipe for a tasty meat dish. Miners' diet of cold meat very dry, with a small amount of the grated kind of an orange. Season with salt, pepper and a pinch of grated nutmeg. Put a cup of port wine over the fire and when hot, add a few teaspoons of brown sauce or good gravy, and a dash of catsup. Pour this over the minced and flavored meat and simmer gently for five minutes; add a teaspoon of lemon juice and boil up once more. Set back on the stove to keep hot. Cut half-inch slices from a medium dry loaf of bread and shape with a heart-shaped cutter. Next butter in frying pan, fry the bread to a golden brown, drain on paper and arrange on a hot platter. Heap the minced meat on these, garnish with chopped, hard-boiled eggs, or serve on each crouton, forming a nest in the meat, a poached egg.

# PACKING THE LUNCH BASKET.

Newspaper Not Proper Thing to Wrap the Eatables In.

When it is not expedient to carry a basket or small box, at least see that the eatables are daintily wrapped—not promiscuously jumbled into a place of newspaper. One is surprised and sometimes almost disgusted to see the method employed by many women who are fastidious in other respects, and it amazes that they do not with as much care their lunch, cake, pickles, a banana and possibly a cold boiled potato are tied in newspaper without other wrapping. Every one should know that strong chemicals are employed in the manufacture of paper, together with naphtha and kerosene, and it is not surprising that the things we eat come in direct contact with them for several hours. The moisture from the viands causes more or less ink to be absorbed, and, while not necessarily harmful, it is not appetizing, to say the least.—Home Magazine.

# SHOULDER OF LAMB GRILLED.

A shoulder of lamb is excellent roasted, but is often preferred cooked in the following manner: Score it about an inch long and rub it over with a little butter and the yolk of an egg, then dip it into sifted cracker crumbs. Sprinkle over salt, pepper and sweet herbs, roast until a light brown. This is good with plain gravy, but better with the following sauce.

# Help the Horse.

No article is more useful about the stable than HENRIC'S GREASE. Put a little on the harness before you "hook" him up, and you will find the load more easier.

With some non education is a... as the word indicates. With others it is an event. A New Jersey porter undertook to wipe windows with a United States flag. When the police drove away the mob the janitor had been educated, but it had taken only a few minutes.

It has been agreed between the governments of Canada and of the United States that the owners of all buildings on the boundary line must declare in which country they shall live, and the whole building accordingly. The purpose of this agreement is to reduce the smuggling evil and otherwise to put an end to lawlessness on the border.

Philadelphia capitalists are planning to erect a \$1,500,000 hotel in Yokohama Japan, from plans devised by Philadelphia architects. It is to be eight stories in height, will contain about 100 bedrooms and suites and in the center, with a garden courtyard. The purpose of this agreement is to reduce the smuggling evil and otherwise to put an end to lawlessness on the border.

It is estimated by the national press authorities that not less than \$100,000,000 of the new ten dollar gold certificates will be needed to satisfy the public demand for smaller bills. However, it is not at all likely that any creditor will object to having that little account settled with plain, ordinary greenbacks, or "kicks" even at "cartwheel" silver dollars.

The Sultan of Turkey has just become father to his thirteenth living child, a baby daughter. The eldest child of the sultan is Prince Selim, who is 35 years old. He is in disgrace, and does not rank as the heir apparent. The sultan, in order to reduce the number of pretenders to the throne, has established the practice of marrying his daughters to persons of little consequence, from whom no political dangers need be feared. He is continually fond of one daughter, the beautiful 20-year-old Princess Kyshe, born of a Circassian mother, who has received a European education.
